Columbia Public Schools Opening Day

Columbia, MO -- Columbia Public Schools had an excellent opening day today.

Schools reported teachers and students were well prepared for the first day of classes and their facilities were in excellent condition. The school district's teachers and staff are excited about continuing to provide achievement and enrichment opportunities for all students.

Attached is a summary by grade level of the first day of school enrollments. Total first day enrollment for the school district is 19,288. This number is based upon data for the first day of classes and reflects an increase of 228 students compared to the first day of the 2018-19 school year. It should be noted that this number is unofficial; the official enrollment number is computed on the last Wednesday of September as required by the state of Missouri.

Students new to the district continue to register for classes, and it is anticipated that new registrations will continue over the next several days.
